ANY OTHER

Well Hello you wonderful people, Herbert Hutton Hedgehog here, glad to be with you again.

It's been a strange sort of winter, not always cold enough for hibernating but definitely cold enough for the bugs, beetles and all the other juicy grubs not to be around for us to eat, so thank you all who have been putting food and water out for my friends and me. It makes such a difference.

Such a lot of my friends are awake now and even though we live around each other we don't really like each other so there is always a lot of pushing and shoving going on. It's pretty harmless although we can get quite noisy. On a brighter note I don't think it will be long before the lady hedgehogs wake up. Did you know us blokes come out of hibernation a couple of weeks before the girls, it gives us chance to find plenty of food and get our strength up so we are looking our best for the girls. Or is it just that they like their beds more than we do.?

All that means that it won't be long before the little hoglets are around, did you know that's what they call baby hedgehogs, of course being selfish males we don't have anything to do with them, just leave it all to the mothers who usually have between 4 and 7 of the critters. Sometimes the mothers get a bit overwhelmed and escape the nest during the day, just for a rest or to pick up some extra food for added energy. If you are lucky enough to have a mum and babies you may see them walking about looking for food or water, she teaches them how to look for food, and just how to be hedgehogs then after about 8 weeks she just leaves them to get on with it so even though most people say if a hedgehog is out during the day it is in trouble actually not every hedgehog needs rescuing. If one of us is moving with purpose even in the daylight it is probably just hungry or even thirsty. At the same time if we are out and not moving around we probably need a bit of help from you. Some mothers abandon the young if the nest is disturbed and the babies will come out looking for her, they cry and make quite a bit of noise and where there is one there are usually more. If you do find one please keep an eye out for more.

Always handle us with protection on your hands, not necessarily because of our spikes but to prevent the passing on of germs and other things. Gardening gloves are good or a towel, tea towel or as a last

resort you can always pull your sleeves right down to cover your hands. If you think my friend is in need of attention please put it in a high sided box (we are excellent climbers) on a towel or fleece and covered over with the same. You can offer us a shallow dish of water but it is unwise to feed us until you have spoken to someone who can assess what is needed. If we are dehydrated food can be quite dangerous for us.

My namesake HHH as in Holderness Hedgehog Hospital are always ready to help with advice, practical assistance and can talk you through what is best. Their emergency number is 07563917914. They can triage over the phone and direct you as to what is best to do.

They have a local outreach hospital in Hutton whose number is 07722483845. Ann is always happy to help if she is available.

Sadly the open day planned for the 2nd of May has had to be postponed until later in the year.

Look out for the new date when you will be able to learn more about the charity and how to make your garden a hedgehog haven or even how to get involved.

Hoping to see you soon and until next time thank you for reading.

Village in Bloom project

We may have cancelled the Coffee Morning, but gardening goes on. The work of removing many of the smaller containers from the village has been completed. As you can see from the photographs, four recycled containers have now been located in Hutton Road, repainted and planted up with Spring flowers. The ground bed at Meggisons Turnpike has been revamped and is looking very colourful. Still to be completed are containers waiting to be painted and planted:

- on The Green near the Southlands footpath
- two by the map on The Green
- one by the memorial seat on the green

There will also be a newly dug ground border in Church Lane.

Childhood Experiences of WWII

When we went to the WI hall we spoke to lots of people that had been alive during the war. Sonia Butler was one of these people and here are some of the things we found out about her childhood during WWII.

War threat

Sonia explained that she was not nervous nor worried about the war starting. When Sonia was younger, she didn't know about the war and when it was going to start. Sonia was six years old when the war started so she was not that aware of the war or the threats it carried. Sonia lived on the other side of the Humber during the war. She recalled that she had lots of friends where she lived.

School

Sonia commented that she loved school. Every child went to school during the war. At school, Sonia loved painting and PE. There were only outside toilets so it wasn't very comfortable. Sonia told us that she had to use newspaper for toilet paper! Her favourite pudding was spotted dick. When the war began the teachers stayed the same so none of them were called up to fight.

Rationing

During the war Sonia told us that you had to eat what you were given or you wouldn't get anything. She explained that she had to like the food she was given because they weren't lucky enough to have the same variety of foods that we do.

Evacuation

Shockingly, Sonia remembered that her cousin was bombed two times. Her three brothers stayed with her during the war since she was not evacuated. Sonia also had an Anderson Shelter in her garden and this was used when they heard the air raid sirens.

Play

Sonia used to play with skipping ropes at school and home. She remembered playing with other children where she lived as well as the children she played with at school.

Homes

Sonia's house had three bedrooms and Sonia had one of her own because she was the only female sibling. Her family had to boil the kettle over a fire. Luckily in Sonia's house nothing was destroyed during the war. Sonia recounted that there were lots of power cuts.

A MESSAGE FROM **THE VICAR** ***Simon Elliott***

I went hunting this morning ...
for toilet rolls.

If you'd told me a year ago
that I would spend about an
hour going from shop to shop

to find such a basic item, I wouldn't have believed
you ...!

Much greater changes are in store for many of us,
and these are undoubtedly challenging times for
young people, children and their parents, employers
and employees, older people and those who live with
medical conditions. It seems at the moment that the
only constant factor is "change"...

When things change, it's easy for us to find ourselves
in "panic mode", maybe buying up more loo roll than
we can possibly expect to use, or sanitizer to wash
our hands with, or whatever it may be. If you are one
of those people who has been doing a bit of panic
buying, or "stocking up", please hear me when I say
that I'm not here to criticize or condemn you ... far
from it.

This summer (in July), I'm expecting to reach a
personal milestone, it will be 25 years since I began

working as a "vicar" in the Church of England. I had
some cards printed out to distribute to friends and
family at the time, in case they wanted to pray for
me.

At the bottom of the card, there were five words –
"Perfect love drives out fear." They are words from
the Bible, from a letter which a guy called John wrote
to some people who were facing a lot of challenges,
including persecution.

It's easy to feel afraid when the world is changing.
But God's love is present with us, in April 2020 and
beyond. His love for you is "perfect", total, complete.
And if you stop for a few minutes and thank Him for
His love, He will draw near to you and drive out all
fear from your heart and mind and life.

My prayer for us all at this time is that we would
know that "perfect love" which "drives out fear."
And that by the time the summer comes, we would
begin to see some healthy normality returning to our
village and to our life here. In the meantime, please
keep an eye out for special events which will be
taking place in the run-up to Easter. We can't have
our "normal services" on a Sunday, but we are
opening up St. Peter's Church from 9am to 10am
every day during April, May, June and July, and are
happy to arrange for the building to be opened up
for anyone who would like to visit, take some time,
reflect on life, or even pray ...

Hutton Cranswick Methodist Church

Sunday Service: Cranswick 10.30

Minister : Rev'd Robert Amos – 01377 252105

Inter-Church Prayer Fellowship

Mondays 9.30 am at 13a Orchard Lane

A couple of months ago we published an article introducing our future Methodist Minister for this chapel and circuit. Since that article appeared Richard Teal has been very busy, along with his lovely wife Sue, visiting the Methodist church in Africa as part of his new role as President Designate Methodist Church Britain!

When Richard finishes his role as President of the Methodist Church Britain later next year he will be taking over as Minister for the Methodist Church in the Drifffield and Hutton Cranswick Circuit.

So, with that in mind, we thought it would be nice to share a couple of pictures of his, and Sue's, experiences! We hope you enjoy them.

IN RICHARD'S WORDS . . .

Another fantastic experience. We started with a tour at 7am around Maura Methodist Hospital. The CEO and our Methodist Church Mission partner showed us the wonderful work they are engaged in and the vision for the future of the hospital.

Next we journeyed for an hour and a half to where I planted a tree at Guita Methodist church where the first missionaries had come and Methodism had started in that area. I signed, along with the presiding bishop, a number of visitors books.

Then we were driven into the Forest where I had been asked to preach and dedicate a new Methodist church. This started with a cooked meal at 10.00 am and finished at 5.00 pm with another cooked meal, so you see how long the wonderful exciting worship was. We were expecting 1000 people and indeed 2500 people turned up and were all fed with cooked meals. After I preached I made an altar call and 60 people responded. The presiding bishop and I prayed for those people. Choirs galore, drama, singing were just wonderful.

The photographs reflect the day!

- (a) **Replacement of the sewer pipe from Hutton Cranswick Sewage Pumping Station, located at the end of Southgate, to the Wastewater Treatment Works in Watton** – It was noted there had been some technical issues that had delayed the completion of the works. 20/043 Centenary Wood – Cllr Poolford reported the new footpath had gone slightly over budget due to more stone been required to build up the ground which had suffered, as a result of the very wet weather. He had received only positive feedback on the project. The Committee would meet in March.

20/044 Gatehouse Lake – The Minutes of the Meeting held on the 25th June, 2019 were received (proposed Cllr Swan/seconded Cllr Wilson). Cllr Richardson gave feedback on matters discussed at the Committee Meeting held on the 29th January, 2020. There was an issue with cormorants taking bream. March Meeting.

Newly elected Gwynneth Richardson chaired her first meeting as president.

She apologised to members for the lack of the new programme, it had been delayed due to illness.

We now have 24 paid up members 22 of whom attended the meeting.

Gwynneth urged us not to bin our WI Life magazines after reading them, but to save them for handing out with our programme to any prospective new members.

Our speakers for the evening were Fred and Carol Walkington of Bridlington. Their subject was East Coast ganseys. Fred, a former fisherman and Coxswain of the Bridlington Lifeboat, provided an interesting slide show of various fishermen and talked about the different Gansey patterns that they wore. There was even one photo of a fisherman walking his daughter to her wedding, she in a beautiful white dress and he in his best gansey, new flat cap and nice shiny shoes. For the uninitiated a gansey is a fisherman's jumper. As Fred finished talking, Carol took over, explaining how she knitted the garments, all in one piece, no seams. It seems bicycle spokes make very good long needles. Members were interested to see the different patterns Carol had brought with her.

A vote of thanks was given by Lyn Morris.

After refreshments the results of the competition, a small knitted item, were announced.

1st Deborah Phillips, 2nd Mary Bell, 3rd Joan Wilkie.

Birthday cards were handed to members and Happy Birthday was sung.

Members were asked if they would rather a Spring Lunch this year, rather than our usual annual dinner, they seemed quite enthusiastic.

Our next meeting is cancelled, the speaker's subject was to be Burlesque and the competition was to be a decorated bra.

Future meetings will be made known through the local media.

Ladies are invited to come along, give us a try, if nothing else we do very good refreshments.

If you wish to book the WI Hall for your next event then please contact the caretaker, Paul Sedman on 07814 272818.

It's in challenging times like these that our Scout values matter most. The Scout Association is talking to the Government and other community organisations to see how Scouts can support our country during this crisis. One way is that some fun activities are being developed for young people to do at home with their parents if families are faced with self-isolation.

We'll be sharing with our Scouts via our Facebook page some different badges that they can do themselves at home, with things they will have around the house already.

The best thing that I can ask all our members and other villagers to do is act according to Scout Values and help each other. Scout values are:

Integrity - We act with integrity; we are honest, trustworthy and loyal.

Respect - We have self-respect and respect for others.

Care - We support others and take care of the world in which we live.

Belief - We explore our faiths, beliefs and attitudes.

Co-operation - We make a positive difference; we co-operate with others and make friends.

The Great Indoors

We know the coming days and weeks are going to be difficult for families across the area, as the spread of Covid-19 causes schools to close. As the experts in developing skills and bringing adventure to young people, we want to do what we can to help.

While we normally love the great outdoors, we've found some inspired indoor activity ideas (if we do say so ourselves).

Keep your kids learning new skills and having fun (and avoid hearing 'I'm bored' every 30 seconds) all in #TheGreatIndoors

<https://www.scouts.org.uk/the-great-indoors/>

There are 100 different activities to do.

Have your next "do" at the SRA

Organising a celebration - Birthday, Wedding anniversary, a "works do" or fund raising activity - then the SRA at Hutton Cranswick is an ideal location.

Plenty of car parking, grass area, hall, kitchen and bar facilities makes it the ideal venue for your next event.

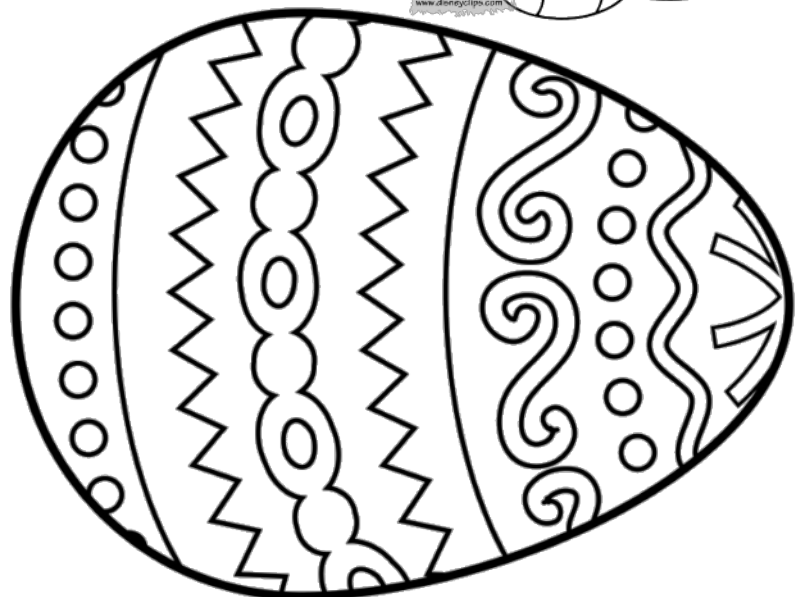

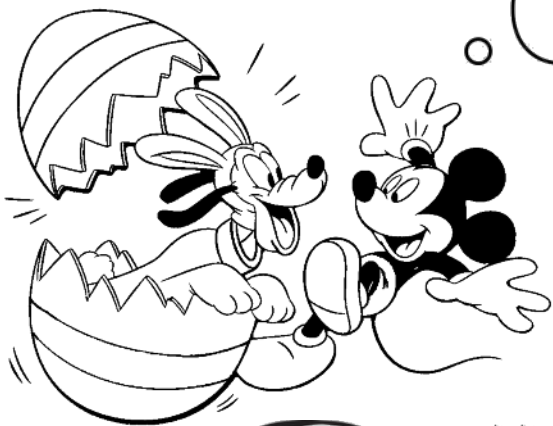

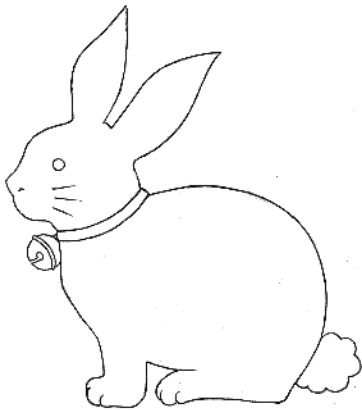

If you wish to book the SRA hall for your next event then please contact Frances Johnson on

HAPPY EASTER.

Stories About Victorian Children by Year 5 Pupils

Stories by Year 2 Pupils

One hot sunny day I was walking across the beach. I suddenly felt something hard on my feet. I picked the shimmering thing up and it was a pack of bubbles. I blew the bubbles and they all flew around me. They flew down into the sea and I saw some fish. Then the bubbles floated up into space and I saw a shiny star.

When I came back to the ground I saw a little sad girl. I put the bubbles down for her and she blew the bubbles. Then she became happy again.

By Romi

One dark gloomy day I was walking along the dark, gloomy shore as soon as possible I saw a shimmering, shiny cylinder on the ground. Then I blew them! After that I saw a big, shimmering bubble in the air and then I went on it because it was so cool. Suddenly more slowly appeared so I quickly jumped on them. After that a bubble gently went in the sea and I could see tropical fish and coral. Suddenly I went in space and I could see twinkly stars also spinning planets. Later I went back to Earth then I saw a lonely, sad girl slowly walking. As soon as possible I went to put the pot on the gold, yellow sand. All of a sudden I hid behind a rock. Next she spotted the bubbles and she slowly walked up to them. All of a sudden she blew them and she was super happy and she went on a bubble and flew away in the sky.

Note from the Editor:

Lastly, the DFYD page, as activities are cancelled, can we ask our readers to help fill some space in the next Bulletin (hoping there is one!) by sending in their own creative writing: short poems, descriptive items, anecdotes, etc? Plenty of space to start practising.

From my nephew Mike

As we go about our lives during this tumultuous period, schools are cancelled, social gatherings are restricted..... The pace of life actually slows.

Take this time to look inward as to who you are going to be during this time. A media panicked hoarder? Or the true you?

Before you fast walk for that last pack of toilet roll..... Stop and think. Others are in the same position as you.

Our humanity comes from our ancestors..... Our heritage.... Who we are.

We left the wild life behind us and became domesticated. Living in communities..... Looking out for each other.

Why not buy that pack,..... But offer to split it with someone.. That last tin of spam..... The little old lady wandering over to where you are may well have needed sustenance also.

Come together as a community..... Your street..... Your cul de sac..... Talk to each other..... Help each other..... Provide for each other.

It's what we've evolved into..... Not a bunch of unforgiving selfish predators that care not for their fellow species.

Be safe, be kind.....
Most of all .. Look inside..... And be you.
