What can we do about the state of our footways?

What can be done?

1. Form a streetcare group in your road. Let the Parish Council know who you are, by emailing hpcouncil@gmail.com
2. Survey and photo record the state of your footways
3. Report to ERYC areas of concern and the need for repair. Copy in the Parish Council.
4. Follow up and question progress
5. Complain to the utilities who have damaged the footways in your road

Contact details for the utilities are on the Village website

Faults can be reported online. There is a link on the village website under *Report a problem - footways*

Details of all the utilities are available there as well.

Problems with footways

A footway can be:-
 blocked by vehicles parked on the footway,
 by encroachment from vegetation from roadside gardens,
 by building works vehicles and equipment, and
 by A Boards and safety signs associated with road and utility works.
 As well as the utility work itself.

The majority of damage to a footway surface is caused by utility work and heavy vehicles. Bad weather can affect the surface of the footway.

A footway may have not been created fit for purpose – on a slope or not wide enough. Or may not exist where a pedestrian would expect to find a footway.

A footway may not be properly maintained by the highway authority due to lack of finance and too many footways damaged by utility companies.

Legal definition

A footway is a footpath at the side of a public road. It is part of the highway and is maintainable by the highway authority. A highway authority has a duty to provide a footway in any case where it considers that the provision of such a footway is necessary or desirable for the safety and accommodation of pedestrians. **In Hutton Cranswick the management of public footways is carried out by East Riding of Yorkshire Council. (ERYC).**

The law relating to footpaths (1) does not in general terms apply to footways. Thus a parish council has no specific power to maintain a footway. (1). A public footpath is a highway over which the public have a right of way on foot only, other than a path at the side of a public road. **In Hutton Cranswick the management of public footpaths is now also carried out by ERYC**

A footway is a complex structure, normally occupying both sides of a public road.

It is used for a variety of activities as well as being a safe place to walk!

It acts as:-

access to property driveways by means of drop kerb or not.

kerb forms a gully for rainwater run-off

it is an underground route for utilities:- water, sewer and waste water, electricity, gas, telecom.

It may have some or all of the following features on it or at its side:-

- manhole covers for access to utility assets.
- street lighting lamp columns
- telegraph poles
- telephone junction cabinets.
- waste / litter bins
- salt bins
- post box
- directional and highway signs
- street name signs
- Flower containers (In Bloom)
- Fire hydrant sign
- Trees
- dog fouling remains
- refuse bins on collection days
- seats
- shelters
- grass verge

Hutton Cranswick Village in Bloom

The In Bloom team is continuing to plant, water, deadhead and weed the ground beds and containers in the village. Most of the plants which had been donated to In Bloom have now been sold with the funds going to In Bloom. Thanks to Gina Simpson for displaying them in her front garden and thanks to those of you who have bought them.

Future events

The next meeting of the Village in Bloom team will take place on **Tuesday 15th September 2020** at **2.00 pm** at the **SRA**. The meeting will be held outside the Club House under the shelter of the overhanging roof.

Help needed

We still need more help with the maintenance of the containers and ground beds. Some of our volunteers do have quite a lot of beds and containers to look after and would welcome some help.

Visits

As gardens are now opening again and if you need to entertain some youngsters why not try Sledmere? The children's playpark and the Maize Maze are open. The walled garden is worth a visit.

Following the recent change in government guidelines, St Peter's church is now open for private prayer and public worship. The church is open each Sunday between 3.00pm and 4.00pm for private prayer, with appropriate social distancing in place. A short service of evening prayer is planned for 4.00pm, each Sunday, lasting around 20/25 minutes, again with social distancing in place. It may be necessary to change our plans for public worship at short notice, so it is always best to keep a check on the church noticeboard.

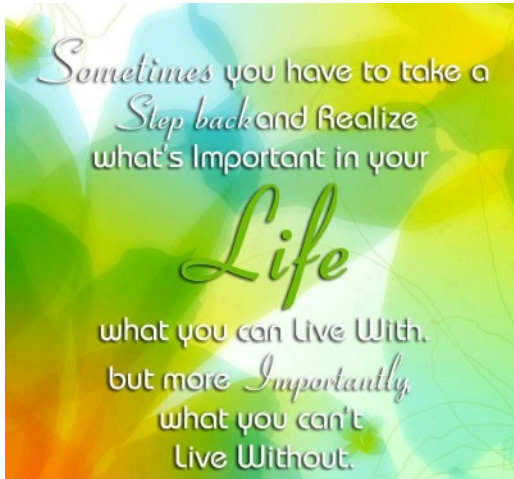

We appreciate that not everybody feels ready to return to our church building, and we continue to meet weekly via Zoom. There is a short (circa 20 mins) service at 10.00am, with bible reading and prayers, and then a second service at 10.45am which adds some hymns. If you would like to join us for

this worship, please e-mail Revd Simon Elliott (elliottrev66@gmail.com) or Martin Adams (makaheesi@btinternet.com) and they will send you the full details. We look forward to welcoming you.

We look forward to welcoming you.

What is it that is really important in our lives?

The past few months have been a strange time, and if nothing else, it has given us an opportunity to think – think about what we do, how we spend our time. We have also had the chance to think about who, or what is really important to us. Perhaps we have realised that some things in our lives were being taken for granted – we just assumed they would be there. Without warning, they disappear, and we have to learn to do things slightly differently.

Sometimes we don't realise how important something is to us until we lose it. Take being able to drive as an example. It is wonderful and convenient if we can drive and have a car outside. If we need to go somewhere, pick up the keys, jump in the car and away we go. But we could lose that freedom, perhaps because of a medical condition, or perhaps the car simply refuses to start. All of a sudden, we have to learn to adapt and do something differently. It causes stress and upset – all because we lose something we had taken for granted.

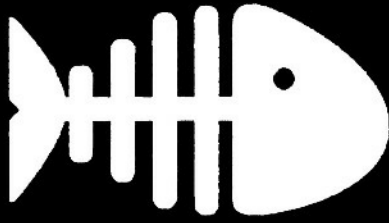

Of course, each of us is a different person, and what is important to me may well not be important to you. I'm sure each of us will have missed something over the course of the past few months, whether it is singing as part of a choir, visiting relatives and giving that grandchild a hug, going to the cinema or pub for a bit of socialising or perhaps taking that holiday abroad.

Slowly, as restrictions are lifted, some of these activities are allowed again. Whilst the cafes might be open to go and enjoy that morning coffee, not everybody feels safe to go out. We can go back out to the pub, but it is not the same as it used to be. We can visit family members, but then we have to think about social distancing if we are not in our family bubble. Life is still very different.

Perhaps, what this teaches us is that we should never take anything for granted. I have heard a number of people say that they do not want to go back to the way life was before we had heard of coronavirus. They have realised that actually there is a better, healthier, happier way of life. Change may have been forced upon them, but now they have seen the new world, they like it.

For others, it has been an opportunity to think about their spiritual lives, an opportunity to assess how a faith of some sort plays a part in their lives. That may lead to you asking questions – what does Christianity really stand for? If that or any other question is on your mind, we are here to help you. Give us a call or drop us an e-mail – we would love to hear from you.

Hutton Cranswick Methodist Church

Sunday Service: Cranswick 10.30

Ministers : Diane and Ron Hicks 01377 252105

Inter-Church Prayer Fellowship

Mondays 9.30 am at 13a Orchard Lane

Dear Friends,

*Come, ye thankful people, come,
Raise the song of harvest-home!*

At this time of year many people up and down the land will be celebrating the 'season' of harvest. Some in schools, some in churches, and some more closer to home as they lift and reap the crops. Many will raise the song of harvest-home by giving thanks to God for his provisions, others will just be thankful and yet others will count the cost or should I say profit?

*All the world is God's own field,
Fruit unto his praise to yield;*

We need to remember and constantly remind both ourselves and those around us, that harvest time is but a living parable. A living parable of the harvest of souls. As the hymn says 'all the world is God's own field' and one day he will come and reap the harvest. Will we be classed as wheat or weeds? Will our lives or those of our neighbours be considered as yielding the acceptable fruits for God?

*For the Lord our God shall come,
And shall take his harvest home;*

God will come again of that I am sure, but like the earthly farmer will he reap the crop at any cost or will he decide to plough it in because it is of no value? A harvest that has a value is not dependant on just a corner of the field being up to scratch, but the whole field. We in the Church are like that corner, but we have to ensure that rest of the harvest of humanity comes up to God's high standards. We have the task of being both bearer of the good news that Jesus can change and improve our lives as well as the warning. A warning that those who reject God and turn their backs on him will ultimately pay the price of losing their lives. We must not shirk either duty and then with all our hearts and voices we can proclaim to God

*Come, with all thine angels come,
Raise the glorious harvest home!*

Every Blessing

- (a) **20/00865/PLF:** Erection of two storey extension to rear and erection of car port to front at Ivy Cottage, 8 Station Road, Hutton Cranswick, East Riding of Yorkshire, YO25 9QZ – Full Planning Permission – Approved – 4 Conditions.

20/198 Planning Applications:

- (c) **Planning Applications that had a deadline for comments before the next Parish Council meeting planned for the 23rd September, 2020 – Resolved** – That each application received with a deadline for comments before the next parish council meeting, was to be considered via e-mail (hard copy). If no objection was received on the application, the Council's comments was to be recorded as 'No Objection'. If there was an objection raised on the application, then an extra-ordinary meeting was to be arranged to consider and make a decision on the application. Decisions on all applications considered, as above, would be recorded at the September, 2020 meeting.

20/199 National Highways and Transport (NHT) Public Satisfaction Survey – East Riding of Yorkshire Council was taking part in the annual NHT Public Satisfaction Survey. This was an opportunity for the parish council to express its opinion on various aspects of the services the Council provided, from condition of roads and footpaths, to provision of cycling facilities.

20/200 Traffic Speed Survey on Station Road and Hutton Road – It was expected that the speed surveys, originally planned to take place prior to the COVID-19 restrictions, would now take place from the beginning of September, as at that point both businesses and schools were expected to be back in full operation and traffic levels would be sufficient to produce robust data.

20/201 Councillor Vacancies – An update from the East Riding of Yorkshire Council's Electoral Services Manager on Casual Vacancies was noted.

20/202 East Riding of Yorkshire Community Response Hub – It was noted that recently there had been a decline in calls to the Hub. Leisure centres were likely to soon reopen therefore, there was a need to move the locality hubs that were currently located in the leisure centres. Many staff who had been redeployed from their normal jobs to support the work of the Hub had to return to their usual duties and central government had published updated plans and guidance for people on the Shielded Patient List. As part of the updated plan for the next period, there remained a commitment to ensure that the Hub would continue as long as it was required by residents.

20/203 Southgate Flooding – The East Riding of Yorkshire Council's Flood Risk team was working on a solution which would make the cleaning and maintenance of the existing trash screen easier and, more importantly, safer to maintain going forward. The team was investigating the current gully arrangement on Southgate and how the risk could be reduced by means of replacing pipes and potentially upsizing the gullies themselves. One of the first stages of the process was undertaking an Ecology survey to ensure there was no disturbance to any wildlife, as part of any proposed works.

Ofwat was to be informed of the protracted length of time it was taking Yorkshire Water to resolve recurring issues of sewage discharge onto Southgate and to repair damage made by their contractors to the highway, grass verges and road gullies.

20/204 Play Area – The play area had re-opened on the 4th July, 2020, in consultation with East Riding of Yorkshire Council. To help keep people safe, a public notice reminded the public of the following: -

- Judge the risk of COVID-19 to you and your family before entering the play area;
- Wash or sanitise your hands before and after using the play area and try not to touch your face while playing;
- Remember to social distance from people outside of your bubble;
- Refrain from eating and drinking in the play area;
- If you or anyone in your family are showing symptoms of COVID-19, do not enter this play area.

A risk assessment and an inspection of the play area had been completed prior to the opening.

Cllr Thompson reported that the improvements to the play area envisaged siting some equipment outside of the existing fenced area onto the Green. There were legislative constraints to overcome, prior to any work being carried out on the Green. Prior to the COVID-19 lockdown, the Council had considered one option for improvements to the play area. Since the COVID-19 restrictions had been eased, it had now been possible to seek proposals from a further two companies. Cllr Thompson would present a report to the next meeting.

20/205 East Riding Outbreak Management Plan – East Riding of Yorkshire Council had requested support, from parish and town councils, for the East Riding Outbreak Management Plan. The Plan had the aim at preventing the spread of COVID-19 in the East Riding of Yorkshire and controlling any local outbreaks if they did occur. Councils were asked to encourage everyone to follow **“3 Steps to Safety” Prevent; Notice; Act.**

STEP 1: Prevent:

- Keep your distance – always follow the latest social distance guidance;
- Wash your hands - thoroughly washing your hands with soap for at least 20 seconds remains the best personal hygiene precaution.

STEP 2: Notice:

- Be aware of COVID-19 symptoms – so you can recognise as soon as possible if you or someone close to you has them;
- a high temperature;
- a new, continuous cough;
- a loss or change to your sense of smell or taste.

STEP 3: Act:

- Get tested – If there is any hint of the symptoms in your household, make sure the person with the symptoms is tested as soon as possible;
- Stay home – Do the right thing if you and your household need to self-isolate: -
 - whether one of you has symptoms and you are waiting for the results;
 - whether one of you has tested positive;
 - or whether one of you has been in contact with someone who has tested positive.

A COVID-19 test can be requested by visiting www.nhs.uk/ask-for-a-coronavirus-test or calling 119. Everyone was also encouraged to wear face coverings on public transport.

20/206 SRA – An update on the restrictions on activities at the SRA was noted.

20/207 New footpath on The Green – Cllr Teare had consulted with East Riding of Yorkshire Council on permissions required to undertake the provision of the new footpath. The Property and Commercial Law Manager had confirmed the parish council had the powers of management and regulation of the Green, but would need to obtain consent under section 38 of the Commons Act 2006 from the Planning Inspectorate.

The Area Engineer for Highway Maintenance had no objection to the proposal subject to any works adjacent to the public highway being undertaken by a contractor with Street Works Accreditation and valid insurance with a minimum of five million pounds public liability indemnity cover.

Permission was not required under the Town and Country Planning Act 1990 (20/10434/PPA refers).

It was **Resolved** – Subject to obtaining consent from the Planning Inspectorate and comments from RoSPA that (a) To pursue the provision of the new footpath on the route as presented and (b) Reserve a budget of £10,000.00 (proposed Cllr Teare/seconded Cllr Alderton).

20/208 Legacy – A further amount of money from a resident was received. The money was to be used ‘in a specific fund for projects at Gatehouse Lake, Centenary Wood, the Village Green and pond, plus any other projects of a similar nature, including grants to a village organisation’.

20/209 New Trees – A resident had offered to fund the planting of some trees in Hutton Cranswick. A proposal from Cllr Poolford that, following the removal of the Pink Chestnut on the Green, three new substantial saplings be planted, in an arc, at a suitable distance away from the location of the Pink Chestnut, was agreed (proposed Cllr Swan/seconded Cllr Teare). It was noted the planting of the trees would need consent under section 38 of the Commons Act 2006 from the Planning Inspectorate.

20/210 Churches Together – Resolved – To approve a request from Churches Together to hold their August Service on The Green (proposed Cllr Lock/seconded Cllr Richardson). The Churches to be reminded to ensure that anyone attending the Service do not park vehicles on the Green.

The Crime up the Chimneys

Henry Trolley, who sent a 10 year old boy up a chimney therefore broke the Chimney Sweeps Act, appeared before Hull Crown Court on 16th June 1859.

Henry Trolley stood before the court and explained that the boy (James Fisher) was paid for his labour by the provision of bed and board.

James Fisher nervously stated that he was forced up the chimney otherwise he would have been beaten and starved. He explained that he always did what he was told.

Lord Booth, who saw the crime for himself, stated "I was shocked, who would ever send an innocent boy up a chimney? He could fall or even worse die!"

Henry Trolley confirmed his age was 55 and also confirmed that he used James Fisher as an assistant for cleaning his brushes (which we found out was a lie).

The climbing boy told us that he was petrified because if he didn't go fast enough the master (Henry Trolley) would light the fire!

James Fisher, the victim, stood in the witness box for the first time and announced that when he was in the chimney he felt very distressed. As we all saw for ourselves, he had bruises and cuts everywhere (his arms, legs and head).

While Henry Trolley waited for the verdict, he boldly pleaded that he was not guilty despite looking slightly nervous.

Mr Trolley was found guilty! He was fined £5 (which is a full month's rent). If he didn't pay this fine he would have to go to prison for at least two months!

A Letter Home from the Trenches by Kayleigh

Dear Mother,

Merry Christmas. I hope you had a wonderful time. I missed seeing Gran moaning at you for making big Yorkshire puddings! Yesterday was so surreal. Oh, before I forget, I really appreciate the gifts (I will keep them safe until I can come home). I love you. So, we heard your favourite carol being sung by the enemy troops. This made me feel comforted because it reminded me about when you and father had sung that for my first Christmas.

Much to my surprise, a robin appeared and gun fire fell silent. There were many men full of tranquillity. I thought that while I had the chance to have one day of peace, I would take it. I took my hat off and very slowly, went over to the top of the trench. My English troops followed me. To our great relief the Germans did just the same. My heart was racing because I didn't know if to believe them. I knew that the German Captain would stop at nothing to win the Great War.

As my feet trembled into the middle of No Mans Land, I felt freezing cold fingers placed on my hand. As a silent sigh of relief ran through my body both English and German men cheered. It was wonderful, Mother really. I felt safe and just like I was at home. I showed my new friend (Otto) the picture you sent me. He said that you were beautiful (in German). It's not all good living here though. Sometimes we have to sleep with little or big pests. Although I have the best friends ever.

I have to go now. Please tell everyone that I am okay. I'm not sure if you are going to get this but if you do, don't worry about me. Tell father that he needs to stop wearing the jeans that he had in the photograph. I love you all.

Love Jim x

BBQ's

We are still waiting metalwork and signs to complete but several people have used them with disposable options leaving the site clean and tidy.

Sports

Football is underway with 3 SRA teams, and Middleton on Saturdays. We also understand Drifffield Veterans will use the field on Sundays. Juniors continue on Sundays as normal and are using their new portable goals obtained with a grant from the Football Foundation. Volunteer Groups

Thanks to all the volunteers who help at the clubhouse and gardens. A new volunteer fundraising group has been set up and are now running a bar during football games which is proving very successful.

Other fundraisers have volunteered to take on the role of applying for grants towards the erection of the new clubhouse. If you feel you can help, or would like to be involved, then please get in touch!

The 20 mph scheme in Cranswick

The current scheme has been in place for a good number of years. It may be time to review its effectiveness. There are two types of scheme available to meet the need to reduce speed in an area. These are:-

20 mph limits are areas where the speed limit has been reduced to 20 mph but there are no physical measures to reduce vehicle speeds within the areas. Drivers are alerted to the speed limit with 20 mph speed limit repeater signs. The layout and use of the road must also give the clear impression that a 20 mph

speed or below is the most appropriate. Gateways have been shown to be very effective in reducing vehicle speeds, but to achieve this they need to be conspicuous. Gateways can incorporate coloured surfaces, with a 20 mph elongated roundel marking and repeater signs.

20 mph zones use traffic calming measures to reduce the adverse impact of motor vehicles on built up areas. Speed humps, chicanes, road narrowing, planting and other measures can be introduced to both physically and visually reinforce the nature of the road. The principle is that the traffic calming slows vehicles down to speeds below the limit, and in this way the zone becomes "self-enforcing".

Although the Cranswick road signs say 20 mph Zone, there is no additional traffic calming or emphasis through repeater signs or 20 mph roundels at each Gateway on the road.

As a reminder the 20 mph scheme is on the following roads – Hobman Lane, The Green, Londesborough Road, Churchill Avenue, Hotham Road, Main Street. The current scheme has gateway signage on Hobman Lane, Main Street below Hutton Road, Churchill Ave from Hutton Road and Main Street by Southgate.

The 20 mph limit is applicable all the time unlike the restricted parking scheme in front of the school.

There are more and more instances of drivers exceeding the 20 mph on the dedicated zones, so let us all do our bit to make sure 20 is plenty in these parts of the village. Do your bit to improve the pedestrian experience and more importantly make it safer for children, cyclists and the more vulnerable when crossing or using the road.
