Dear friends,

In last December's article, I talked about the changes brought about by Covid. "One of the positives that has come out of these many months of restrictions, has been the willingness of people to have a conversation in the street with people they don't know."

I've found that this has continued. Conversation is so important as it stops us feeling isolated; it helps our mental health. Jesus knew all about this.

In the July issue, I wrote about "How times have changed." Times continue to change.

We're living with vaccinations recommended for more people and with 'booster jabs' for those who are double vaccinated. We're encouraged to keep up with the 'news about Covid' in case regulations change. Jesus knew the place of regulations.

Now it's December again and:

"Christmas is coming, the goose is getting fat. Please to put a penny in the old man's hat. If you haven't got a penny, a ha'penny will do. if you haven't got a ha'penny, God bless you."

A rhyme from time gone by. A 'ha'penny' was a half penny back in the days before decimalisation.

Christmas is my favourite time of year and our second living with Covid.

It made me smile when I heard it said that "Christmas may be cancelled this year."

How can the celebration of the birth of the Son of God be cancelled?

The celebration can no more be cancelled than the actual birth over 2000 years ago in Bethlehem.

Christmas is the singing of carols, carol services, decorating our homes and places of worship, special services in barns, chapel, church, the sending of cards, the exchanging of gifts, special foods.

Our Christmas customs are connected with the celebration of the birth of Jesus in that stable and, since then, millions of lives have been changed for the better because of Jesus.

Come and try one of our services in a barn, or chapel or church. Open your minds and hearts to the voice of God. What is God saying to you? How will you answer? God is always available. This is NOT a 'once only' offer but is open 'all the time' because Jesus loves us!

I wish all of you a joyous, peaceful and healthy Christmas.

Love
Gwyn

Descriptive Writing by Year 5 Pupils

My world was really quiet this morning. I was living underneath a stone bridge in a tent that was great sometimes. At night a

lot of black beetles would come out it felt ticklish and gross with their legs crawling all over me. In the

morning a man said to me I see you have a problem with the beetles just get a light bulb. The view was bad it had trees in the way. The tent was small were I slept but I had a poppy that was beautiful. Even though it was sad there was a good noise of swishing trees.

By **Freddie** in Year 5

In the mini beast world lived a beetle in a tree.

With a flower as a bed and a broken light bulb as a bath. He learns from his mistakes and he had a walking stick and a sofa a picture as a TV. Then my tree got cut down and we

invaded a tent from a human. Now I live in a ripped tent under a broken-down bridge that could fall down any minute now. The humans have returned with a big bright light that is red and orange called fire. They burnt down my tent.

By **Harrison**

Yesterday morning was very peaceful. I got evicted out of my house because I couldn't pay my rent. So I went under

a very noisy bridge and set up my green tent. Then a few hours later I went on a 4 mile walk and there was a small beetle nest, a flower patch and a broken light bulb. A few moments later I got back to my tent and

didn't have a bright torch so I walked to the small old shop down the road and bought a brighter torch. Then it was

night time so I got in my big sleeping bag and went to sleep with my wooden walking stick next to me because I have a

broken leg.

The next morning I woke up had my breakfast and went out for the day. When I got

there it was like a magical winter wonderland. It was super snowed over I made 3 snow angels. After that I went to the husky lounge and there was loads of puppies, I stroked a couple of them. Then it was lunch I had a salad and chicken wrap. A few minutes later I went to the ice-skating rink and fell over about 10 times. After I did that I went skiing I went around the jumps and the track then I went back to the tent and cooked my ramen noodles ate them then went to watch TV then I went to bed.

Hutton Cranswick Christmas Message: 2021

The Christmas story which centres around a small, fragile, vulnerable, new life born in Bethlehem to Mary and Joseph. St Matthew opens his gospel by declaring, 'they shall call his name Emmanuel which means God is with us. What does it mean to know 'God is with us?'

It means first of all that God has chosen to be with us. What a wonderful feeling it is to know that someone is with us. At those crucial points in our lives it really counts when someone stays with us. I remember when I was going through a crisis someone coming to see me and saying, 'I don't know what to say or do, but I want you to know that I am here alongside you'. In our fast-moving world the last few months may have retaught us the very simple gift of being present to each other. Maybe we have lost this gift because we have been led to believe that presence must be useful. A spiritual writer once wrote, "We say, Why should I visit this person? I can't do anything anyway. I don't have anything to say. Of what use can I be?"

It is often in 'useless' unpretentious, humble presence to each other that we feel consolation and comfort. This is something I have relearned during the pandemic and it is powerful. The Christmas story reminds us that God has chosen to be with us, and that is powerful.

In Jesus, the weak, fragile, vulnerable, new life, the God with us, we see the human face of God.

Before lockdown two I was sat at Kings Cross railway station observing people as I waited for

my train and I suddenly became aware how many people were taking selfies in the railway station. As I reflected on the train coming home, I wondered if it was a reflection of our present obsession with self-self-esteem, self-realisation, self-help. We become what we worship, and do we now worship self, me, I? We are not created to be alone or in solitude, we are social beings, we need face to face interactions, friends, relationships, love which redeems our solitude. Relationships make us grow. When we surround ourselves with people just like us, it feeds our individualism and we become more extreme, we need to mix with people who are different to us. People we can strongly disagree with and yet remain friends, this is one way to heal the fractures of our church and world.

Whilst Jesus, God with us, shares our humanity he is different to us and in so being he challenges our individualism and enables us to grow. His humble birth, life and cross challenges our lives. This God with us, is full of compassion. Compassion is not a neutral activity. The biblical notion of compassion includes and is inseparable from the struggle for justice.

As Bryan Stone writes, 'If it is really true that God loves everyone, then God demonstrates that love by taking sides for the exploited, rather than remaining impartial'.

And as Desmond Tutu writes, 'If you are neutral in a situation of injustice, you have chosen the side of the oppressor. If an elephant has his foot on the tail of a mouse, and you say you are neutral, the mouse will not appreciate your neutrality'.

This fragile, vulnerable new life born to Mary and Joseph decisively discloses who this God with us is. At our side, on our side, to comfort, heal, restore and challenge.

Every blessing for this most holy of seasons.

Revd Dr. Richard J Teal: Methodist Minister

Cranswick Village Pond: a biodiversity gem

Ray Goulder

Abundant and diverse water plants in Cranswick Pond, August 2021: Water-soldier in the centre; floating leaves of Broad-leaved Pondweed in the left foreground; Bogbean and Bulrush in the right foreground.

It is good to encourage biodiversity, for the benefit of both wildlife and of people who appreciate and enjoy it. Biodiversity is very much a feature of the pond on Cranswick Green. This was made apparent to me during summer 2021 when I recorded water plants at 21 village ponds on the Wolds and their margins. Some of the ponds had few or no water plants, while in others they were relatively abundant. The pond at Cranswick proved to be much the richest. It is an old pond but in the 20th century it was tidied up. An on-line photograph from August 2009 shows an excruciatingly over-managed pond*. There is a concrete path around the margin from which a hard bank, of what appears to be cobbles set in cement, slopes to the water's edge. Surrounding grass is shaven and no water plants are to be seen. Since then, the pond has been much improved. Councillor John Poolford has given me some back-story and suggested that I write this piece. He tells me that the concrete and hard material were removed, except along the roadside, the pond was lined with clay, and water plants were introduced. Current management includes annual removal and cutting back of vegetation, usually around November.

When I visited in May and August 2021, submerged plants of Rigid Hornwort and Curly Waterweed, and floating rosettes of Water-soldier were abundant, the floating leaves of Broad-leaved Pondweed and White Water-lily were conspicuous, and plants around the soft muddy edges included Bogbean, Bulrush, Yellow Iris, Water Horsetail and Water Mint. Especially striking was the diversity of the water plants and wetland plants. They are listed in the table; scientific names are included for the benefit of naturalists and gardeners. Many of them clearly are intentional introductions, like, for example, White Water-lily, Bogbean, Marsh-marigold, and Greater Spearwort. Others, which are not so conspicuous, may have been introduced inadvertently along with the other plants, for example Ivy-leaved Duckweed and Small Pondweed. Some might be survivors from the

old pond, Common Duckweed and Creeping Bent might be amongst these. Some might be surreptitious introductions. Most of the plants seen are native to East Yorkshire and were sensible choices for introduction. Some, like Bogbean and Water-soldier, are scarce in the county. Curly Waterweed is an alien from South Africa; the White Water-lily appears to be a cultivar.

The habitat clearly favours water plants. The absence of trees lets light in, and the clarity of the water allows light penetration for submerged plants. There are no ducks or geese. These eat water plants, stir up sediment, cause turbidity, and by fouling the water encourage algal growth and eutrophication. They may also carry pathogenic bacteria. The annual control of vegetation maintains an open habitat. This probably stops the spread of more-aggressive plants and allows the persistence of diversity. It is evident that the current management regime is maintaining biodiversity. Although the plants are largely introduced, the pond, with its easy access and pleasant village surrounds, is nevertheless an excellent site to view and study water plants.

For the last two years the village has not been able to enter the Royal Horticultural Society Yorkshire in Bloom Award because of Covid 19 restrictions. However, the RHS recognised that In Bloom work goes on in the region regardless and this prompted them to set up a one-off on-line digital award called “**Best of Yorkshire 2021 Campaign**”.

We entered five categories – the maximum allowed. These were:-

Yorkshire in Springtime - Centenary Wood – Spring Flowers, snowdrop dividing project

Kind to Nature Wildlife Project - Centenary Wood as a haven for wildlife – with bird boxes, bird feeding stations and bug hotels

Heart of the Community -

Spar shop – for their service and making the shop a safe place

White Horse Pub – for their outside beer garden

Wheels of Fortune - Hutton Cranswick station – for the work carried out on the ‘train carriages’

We have now received certificates of excellence, from the RHS, for all our entries. Well done and congratulations! This award is not a replacement for the normal judging which takes place in July, but it is recognition that even with

Covid 19, In Bloom work carried on within the restrictions we were living under in 2020/21.

The RHS is planning to go ahead in 2022 with the normal format for judging. The In Bloom team would like to thank all residents for their support during the last 18 months.

W.I. report.

November 9th 2021.

Gwynneth welcomed members and guests and Jerusalem was sung. Some redecoration will take place in the hall next year to cover the damp treatment. Newsletters are to be digital but Gwynneth will deliver copies to members without computers.

The Christmas meeting on 14th December will take the form of a party. We will have a pie and pea supper followed by various desserts, entertainment by a singer, and a present swap. Unusually we will start at an earlier time of 6-30pm. Ladies should bring their own cutlery and drinks.

Our speakers for the evening were Tickton Tarts, two very capable ladies whose subject was “A taste of nostalgia”. This took us into the history of advertising food products, one particular product having started life as early as 1814. Whilst the talk was going on they were also providing a cookery demonstration making a corned beef pie and an upsidedown cake.

A vote of thanks was given by Kate. Then refreshments including the cake and corned beef pie.

East Yorkshire WI is to have a fund raising coffee morning at Toll Gavel Church 10am-12am on Saturday December 11th.

The meeting closed at 9-15pm.

Enjoy Festive Windows and lights this December

It is noted the land proposed for development is outside of the areas designated for housing in the East Riding Local Plan. The land identified in the application for the full planning permission is under consideration as part of the recent consultation on the review of East Riding Local Plan (CRA-F). The land identified in the application for outline permission is assumed as an area identified under land bid. The whole application could be considered as a Departure to Plan.

On the East Riding of Yorkshire Council's website there is a list of what is generally considered to be a material planning consideration.

Examples of planning considerations which may be considered include:

- the number, size, layout, siting, density, design and external appearance of buildings
- the proposed means of access
- landscaping
- impact on the neighbourhood, and
- the availability of infrastructure.

Examples of other material planning factors that **may** be taken into account as material considerations in the decision making process include the following:

- Planning history of the site, in particular any 'fall-back' position
- Overshadowing
- Overlooking and loss of privacy
- Adequate parking and servicing

Overbearing nature of proposal

Loss of trees

Loss of ecological habitats

Archaeology

Contamination by a previous use

Effect on Listed Building(s) and Conservation Areas

Access and highways safety

Traffic generation

Noise and disturbance from the scheme

Disturbance from smells

Public visual amenity

Flood risk

Planning gain

Alternative available sites.

It is these matters that are taken into account and in the planning balance whether the benefits outweigh any policy conflict i.e. such as a departure from the local plan. These include but not limited to - provision of affordable house, contributions of open space, possible financial contributions for education, highway improvements, economic development (construction jobs), additional landscaping, additional noise mitigation from adjoining employment site, ecological enhancements etc.

21/237 Representatives reports

(a) In Bloom – The coffee morning/plant fair at the Bowls Club had raised over £100 and a couple of new members had been recruited. General maintenance of planters and smaller areas had continued around the village. The group had been represented at the fund-raising/publicity YCCRP event at Bridlington Station. Cutting back of tree/shrub branches and re-painting of the fencing at the Station was planned. An enquiry had been received seeking information about the planting regime of the pond.

(b) SRA – Cllr Mrs Simpson had provided an update: the meeting on the 19th October had been well attended by representatives from the sporting groups. The Parish Council was thanked for the £5,000 grant towards the cost of improvements to the Astroturf surfaces. The fencing surrounding the surfaces was in poor condition. A new boiler had been installed. The majority of indoor sports activities had resumed. The Have a Go Night, the Ryedale Cycle Event and the East Yorkshire Walking Festival events had all proved successful. It was likely that similar events would be repeated in 2022. A Halloween/80s Night fundraising event was planned at Foreman's Showrooms on 30th October. Some new and innovative ideas for fundraising for the new build were to be explored. The planning permission granted for the new build would lapse in January, 2022. The Architect was to be consulted on revisiting the design and costings, prior to a re-application for planning permission.

The SRA had raised that the Parish Council's Representative had not been able to attend recent meetings.

21/238 Gatehouse Lake – It was noted the tree works identified in the Vegetation Assessment and Report had been completed. The new perimeter footpath was expected to be completed by the end of the week.

21/239 Garden Allotments – It was noted the majority of rents had been paid. The Clerk was to chase up the outstanding rents. There were three vacant plots. The recent burglary at the allotments was discussed.

21/240 20mph Zone – A senior engineer of the East Riding of Yorkshire Council's traffic management team advised, if justified, roundels in white paint on the road surface, and/or small 'repeater' speed limit signs could be provided, at no cost to the Parish Council. The traffic management team can review the location of the signs in the 20mph zone. The first step was to understand the levels of compliance by means of a speed survey. Surveys were not undertaken in Winter where there was a risk of poor or icy weather.

21/241 Estimate of the number of rough sleepers – An estimate of rough sleepers in the parish on the evening of Wednesday 17th November, 2021 into the morning of Thursday 18th November, 2021 was to be provided to East Riding of Yorkshire Council.

21/242 Interim Audit of the 2021-22 Accounts – The Auditor remained satisfied that the accounts and records of the Council continue to be well maintained. There were no significant areas of concern to which the attention of the Council needed to be drawn.

21/243 Footpaths – A number of residents had expressed concern on the poor condition of some of the footpaths around the village, in particular the footpath from the School to Main Street/Hotham Road. Cllr Thompson had obtained a budget estimate for repairing the footpath. It was **Resolved** (a) to obtain formal quotations for repairing the footpath from the School to Main Street/Hotham Road and (b) include a provision of £10,000 in the 2022-23 Budget for footpath repairs (proposed Cllr Teare/seconded Cllr Thompson).

Councillors agreed to inspect footpaths. Any footpaths in need of general maintenance would be reported online to East Riding of Yorkshire Council at <https://www.eastriding.gov.uk/environment/roads-streets-traffic-and-parking/roads-pavements-and-traffic/road-and-footpath-maintenance/>.

It was noted this online reporting was available for all to use to report issues regarding footpaths.

21/244 BT Phone Box Hutton – Cllr Alderton reported that the refurbishment had been completed. The Council thanked him for his considerable efforts in undertaking the work. The usage and management of the BT Phone Box at Cranswick was to be considered at the next meeting.

21/247 Play Area – It was noted the major overhaul of the roundabout was planned for early December. The length of time taken was due to difficulties in obtaining replacement parts. 21/248 Community Safety – There appeared to be vehicles turning around on the Green at the end of the no-through road at the back of the Green. This would be monitored to see if action was required, as in wet times, it may result in the ground being rutted, which may increase the risk of tripping.

What comes to mind for you when you hear the word 'choir'? Massed ranks of identically clad singers in a  like setting belting out Handel's 'Messiah'; a Male Voice Choir with their booming voices and sweet harmonies; maybe a Gospel

choir with their fantastic rhythms and fabulous soloists; a barbershop quartet  ; church; Gareth Malone; school. Any of

these are perfectly normal. And the betting is that the vast majority of these you only see on . Unsurprisingly, these all tend to be rather good and make one think that 'I could never do that'. However, the reality is that all choirs are equal,

although as George Orwell might put it, 'some choirs are more equal than others' . For example, you wouldn't expect to rock up at the SRA of a weekend and expect to see Premier League quality football (although some of the players might

disagree with me on that one ). So it is with the Yorkshire Wolds Community Choir. Our objective is to have fun singing whilst raising money for local good causes. We have no pretensions to match The Kingdom Choir of (ex?) royal wedding fame. We have a wide ranging repertoire - I believe the term is eclectic - to suit everyone's taste and we never hold auditions. It doesn't matter to us if you don't read music, have never sung in a choir before and don't think you are particularly tuneful. Everyone can sing to some degree or other, believe it or not. Singing harmonies is definitely challenging, particularly if you are only used to singing in unison in the church choir or accompanying your favourite artiste

in the . However, it is a skill that can be learned with but a little effort. We have a fabulous website and some great supporting tools to help you. And it only costs £2 a week - absolute bargain!

So, if you have ever thought that you would like to be part of something fun, would like to meet new friends whilst helping local charities, why not give it a go? We have had a tremendous influx of new members over the last few weeks, so there is no need to feel intimidated. Drop Fiona a message at fionabonepiano@gmail.com or ring her on 07984 657071. We meet at

the SRA on Rotsea Lane, Hutton from 7.30-9.00 pm on a Monday evening. Afterwards,  and  are available and

the  is open to reward ourselves for all our hard work. You will be assured of a warm welcome and we hope to see you there.

EAST RIDING
OF YORKSHIRE COUNCIL

FIND OUT ABOUT FINANCIAL HELP AVAILABLE TO RESIDENTS

We are here to HELP.

The past 19 months has been a very unsettling time for many residents, with some people losing
their job, furlough support ending and the temporary £20 uplift of universal credit and tax credits
ending. As the winter months are upon us, we want to tell them about help available to residents,
which could ease some financial pressures many will be under with the rise in energy bills.

What financial help are they eligible to?

The best way to find out is to use the council's online benefit calculator, at
<https://eastriding.entitledto.co.uk>

It's free to use, anonymous and will help residents see what benefits they can claim and tell
them how to apply. If a resident needs support to make an application, they can call our
helpful call centre on (01482) 393939, however it is quicker to apply online using the links provided.
